- ❖ *JONATHAN'S LATEST BOOK, ONE WORLD, WILL BE FOR SALE AT THIS PRESENTATION @ R200 EACH.*

This Venomous Animal First Responder seminar is essential for anyone who has venomous animals in and around their home. Field guides, Lodge staff, Hikers, Farm workers, Mountain bikers, Outdoor enthusiasts, Anti-poaching teams etc.

During this presentation, Jonathan will discuss snake encounters and snakebites as well as how to react effectively to an encounter or bite. After the presentation, the floor will be open to questions for discussion.

Jonathan will cover the following:

- *Roles and responsibilities of the first responder.*
- *4 Principles of living or working where venomous animals occur.*
- *Zone risk assessment.*
- *Anti-venom.*
- *Snake bites and responding to an emergency.*
- *Emergency Response Plan.*

The Presenter

Jonathan Leeming is the author of 9 books (Scorpions of Southern Africa; Scorpions of Sabi Sands; Spider & Scorpion Risk Assessment; Venomous Animal General Awareness; Risk Assessment & First Aid; Anti-venom Management; General Awareness; First Aid Guide To Spider Bites & Scorpion Stings; One World).

He consults for various organisations e.g. the Poison Information Helpline etc. and speaks at medical conferences on the subject of envenomation.
